# CLEANERS STATEMENT

Arrived 10:27PM. I grabbed the floor scrubbing machine.

Cleaned OFFICES and LOBBY.

Thru the lobby windows I saw Pernille exiting the gate in an NLD.

There was a lot of hustling and bustling going on with trucks coming in and leaving. I don't know why they have me clean while we're so busy.

10:35pm STARTED WASHING WEST HALL

Could swear I heard dogs barking in South Hall, which I thought was odd since there's a strict "no pets allowed policy".

10:44pm WASHING SOUTH HALL

Saw Jeffries close a WEE truck and drive off.

Through the open bays I saw the coffee crate was in North Hall.

I heard Yodeling from the East Hall

10:54pm STARTED WASHING EAST HALL

A truck was leaving.

Finished cleaning.

10:59pm STARTED CLEANING CENTRAL HALL

There was a delightful lingering Perfume smell. So strong but wonderful.

Barbara Lee came, loaded fast and left.

Same with Tyrone.

The Perfume smell was still lingering when I left.

11:10 NORTH HALL

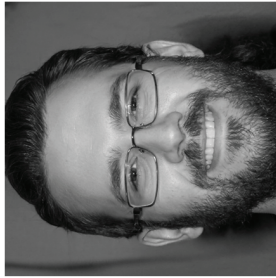

It was empty of both crates and drivers.

I cleaned it fast.
